Disability Income

Product Highlights

Coverage Pays Benefits for Total and Partial Disability

The HM Worksite Advantage Disability Income product is designed for employers seeking benefits that their employees will value. The plan is a hybrid, incorporating many desirable features of traditional group with Worksite disability products.

The plan allows employees to select a benefit amount in \$50 weekly increments for a covered disability resulting from an accident or sickness. Both total and partial disability benefits are available. For injuries and illnesses related to a pre-existing condition, such as pregnancy, an optional benefit can be paid for six weeks at 50% of the amount paid for total disability.

Benefit amounts up to \$750 weekly are guaranteed issue when the group meets the greater of 20% participation or 10 enrolled employees.

It is easy to say, "We make it easy to do business with us." At HM, we say it...and do it.

The Plan Protects Them. We Protect You.

Offering great products isn't enough, so we pair value and service with competitively designed products to help you succeed.

- HM's Worksite model matches a custom approach to each group. Depending on the unique needs of your client, we work with you to design a plan offering and implement a full-service enrollment, administration and billing solution.
- Our team of Worksite experts delivers smarter answers faster, from sales to account management, enrollment coordination and underwriting.
- We share market insights, develop customized communications plans and work to create mutual success for you and your clients.
- With HM Enrollment Advantage, you will benefit from our full-service enrollment support featuring current technology solutions and a dedicated staff to manage all aspects of the enrollment to maximize results. From defining the approach to developing an employee communications plan and marketing materials, we actively oversee and coordinate every aspect of the enrollment.
